

Lesson #10 – Math In the Kitchen

Video

Watch: Lemonade Champs

Caregiver Tips

- Involve your child in cooking by letting them measure ingredients, set timers, and count items like eggs or slices of bread to practice math skills in a fun, hands-on way.

Activity

Family Math in the Kitchen

Materials:

- [Family Math in the Kitchen Activity Booklet](#)
- Items in your kitchen

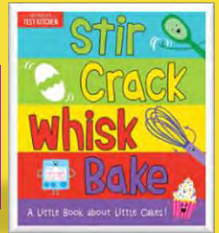

Directions:

- Work together as a family to complete the different measurement activities included in the *Family Math in the Kitchen Activity Booklet*.

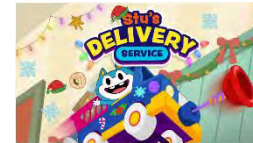

Book

Read: *Stir, Crack, Whisk and Bake* **Author:** Frost

Play:

Game

*Download the **PBS KIDS Games App** to play offline.

Extended

- Show your child what cups, teaspoons, and tablespoons look like and let them help measure.
- Let them pull out the right number of eggs or fill the measuring cup correctly.
- Help set the timer and explain how it counts down.
- Set the oven temperature together and watch the numbers rise, explaining "degrees."
